 shankarsala9995@gmail.com |  9321787503 |  [LinkedIn](#) |  [GitHub](#) |  Mumbai, India

Education

Shivajirao S. Jondhle College of Engineering & Technology

Bachelor of Engineering (Computer Engineering) | CGPA: 7.54/10

Technical Skills

Languages: JavaScript, Java

Frontend: React.js, HTML5, CSS3, Bootstrap

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools: Git, GitHub, VS Code

Projects

CloudVault – Cloud Storage Management Platform | MERN | [Live](#) | [GitHub](#)

- Developed a full-stack cloud storage platform with secure file upload, management, and sharing features
- Implemented passwordless OTP-based authentication and backend services using Appwrite
- Built functionalities including multi-file upload, search, preview, and file operations (rename, delete, download)
- Designed a responsive dashboard with real-time storage tracking and categorized file organization.

EdTech – Learning Platform | *HTML, CSS* | [Github](#)

- Developed a multi-page responsive educational website providing coding content for tech-enthusiast students.
- Implemented a contact form with email functionality, enabling users to send messages directly.
- Ensured cross-device compatibility for seamless access on mobile, tablet, and desktop devices.

Work Experience

Web Development Intern – MindScript, Thane | June 2024

- Developed and maintained responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap
- Improved website load performance by **20%** through optimization techniques
- Assisted in frontend-backend integration using MySQL
- Enhanced user experience by implementing responsive layouts and reusable UI components. Collaborated in a team environment, delivering tasks within deadlines

Achievements

- Secured **2nd place** in TechSpark 2025 Intercollegiate Project Competition
- Presented project “**EagleNetra**” at the 19th Aavishkar Research Competition
- **1st Prize** in “Shark Tank” event at TechBlizz 2024 for pitching a real-world problem solution.
